

Child Sponsorship

Dear friends, children like Dema (cover) typically live in a one-two room house or apartment, usually with 3-8 siblings along with parents and in many cases grandparents.

For these children and their families “struggling to survive” best describes their day-to-day lives; struggling to survive malnutrition, inadequate medical & dental care, poor housing & education, and the ever-present

chronic alcoholism. For most, escaping the cycle of poverty seems hopeless.

However, God has given us a wonderful opportunity to light a candle of hope and love for these families. YOU can help us light that candle by

sponsoring a child through HART’s Child Sponsor Program.

We believe that Jesus’ loving concern for the poor and suffering was an essential element of His teaching to his followers.

With the help of child sponsors in North America, HART has been changing the lives of hundreds of children and families in some of the poorest regions of Ukraine.

I know the difference sponsorship makes. I’ve seen the changes

in our children - physically and spiritually. I see their excited faces at the camps and special programs we have for them. I see the tears of gratitude in the eyes of the mothers. I hear the stories from case-workers, about radical changes that are taking place in the children and their families. That’s how I know child sponsorship really works.

“ ”

**..YOU can help
light a candle
of hope and love
by sponsoring
a child**

Imagine for a moment, 25 years into the future, where new leaders of a country like Ukraine, had Christian values instilled in them as children through a sponsorship project that YOU and your family participated in.

Right now, HART has many children waiting for a sponsor. Their hope for a better future can begin today with someone like you; someone who wants to make a difference in this world.

We thank you in advance for prayerfully considering to sponsor and alter the destiny of one child.

Sincerely,

Lloyd Cenaiko,
President

Lloyd Cenaiko

How does Child Sponsorship help children?

When you sponsor a child through HART, you WILL change a child’s life - now and for the future. Your gift of about a dollar a day helps ensure a child’s healthy development in four main areas:

- Physical—food, clothing, health care and training in hygiene and disease prevention
- Intellectual—school supplies ensuring the child can attend school
- Social/emotional—programs for kids with group activities and home visits by the caseworkers
- Spiritual—regular Sunday-school programs giving the kids an opportunity to learn more about God and His love for them
